

Pacific Central District Optimist Members:

I truly appreciated everyone's effort to keep Optimist Pacific Central District productive and viable. I know it has been difficult for all of us to maintain our respective meetings. I realize that Zoom bridges the temporary situation. However, in the big picture we can't exist totally on meetings with no personal contact. God put us on this earth to have relationships and our lives become more fulfilled with personal contact.

As a result, for the upcoming 2nd district meeting, arrangements have been made with Boomtown Hotels and Casino. Amy, the events coordinator, has assured me that all proper protocol (masks, distancing and hand washing) will be followed for the protection of all participating.

I understand that not everyone will feel comfortable on leaving their houses that said, we will be transmitting the meeting via Zoom.

Please fill out your registration forms which will be available on the Pacific Central District website: www.pacificcentraldistrictoptimist.org. That way we can keep track of those attending and those on Zoom

I appreciated everyone's cooperation in this matter. Hopefully this could be the first step in getting back to normal.

Thank you,

Raymond Pezonella

Governor
